SIGN PERMIT APPLICATION INFORMATION

A. GENERAL

It is recommended that the applicant discuss his proposal with the Building Inspector prior to filing. This discussion should cover in detail the applicant's request, and the procedural steps required.

B. WHAT TO FILE

1. Application

Please submit a fully completed and signed application. All applications shall contain the signature of the property owner and the applicant or a notarized letter signed by the owner shall be submitted authorizing a third party to present vested interests. A City of Hamilton Business License is required for all contractors.

2. Plans

- a. One (1) copy of the plans and specifications for the sign(s) shall be submitted showing **location, nature and extent of work** proposed. Show in detail that the sign will conform to the provisions of the code and all relevant laws, ordinances, rules and regulations with the application. The plans shall be legibly drawn to scale on paper no smaller than 8 1/2" x 11" or larger than 24" x 36".
- b. **Overall signage** for either individual building or commercial/industrial complex.
- c. **Construction plans for the attachment of the sign** to the building and/or the foundation portion for a free-standing sign to the Building Inspector for review and approval. A building permit is required prior to the installation of free standing signs.

3. Optional Data

Please submit any additional information which might be helpful in understanding and evaluating your application.

C. OTHER INFORMATION

1. Processing

The typical Sign Permit application requires review by the Building Inspector. It may take up to 10 business days to process your application. Incomplete forms will be returned to the applicant.

2. Fees

Filing Fee will be \$30.00 plus \$.50 per square foot for building, awning and freestanding signs.

3. Filing

The completed application may be filed at the **City of Hamilton Building Department** located at **920 New York Avenue**, Monday through Friday between the hours of 8:00AM and 5:00PM.

Boundary Locations Disclaimer

While the City may be able to assist in boundary location issues by referencing existing public information, City staff cannot provide details regarding the actual location of the boundaries of your property or other property held by private parties. If you are seeking to find the exact location of your property boundaries, whether for development, placing a mailbox, or resolving a dispute regarding fencing, you may need to hire a surveyor to determine the exact boundary location. If you are not sure about your exact boundary, the boundary should be surveyed prior to construction to determine the actual boundary line. The position of a current fence or structure should not be assumed to be an accurate boundary line. The exact location of private boundaries and disputes between neighbors are civil matters which may require you to seek independent legal advice.

Should you have any questions, please call the office at 363-3316.
